Dear Mac:

We make a practice of analysing each and every statement, both public and private, that come from Moscow, Peking, Hanoi and the National Liberation Front, since I feel that by studying all statements and relating them one to another, we might detect a trend not readily discernible.

The attached compilation of significant Communist statements on the intervention in Vietnam and the memorandum analysing them will be of interest to you. If you feel it will be of interest to the President, please pass it on to him.

Sincerely,

*

John A. McCone
